SENSTAR®

Distribution	Open Distribution
Bulletin #	2020PB003A
Date	29-June-2020
From	Stewart Dewar
Subject	Product Retirement Notice – FlexPI Interior Intrusion Detection System for Walls

Senstar herein informs its valued resellers, integrators, and end users of the retirement of the FlexPI Interior Intrusion Detection System for Walls.

See Table 1 for a list of affected part numbers.

Senstar has established the following product retirement timeline for the FlexPI product:

Date	Retirement Milestone
29-June-2020	Product Retirement Bulletin issued (this document), product is still available for new sales.
31-Dec-2020	Product no longer available for new sales. Product available only for the purpose of replacing an existing unit that is beyond economic repair.
31-Dec-2022	Repair services transition to a Reasonable Effort basis. Repair will be performed when it is technically and financially practical.
tbd	Complete end of life. No further sales, repair services, or technical support is available.

Migration Options

Senstar's FlexZone perimeter intrusion detection system is suitable for use for wall-protection applications.

Please direct inquiries to the undersigned or to your local Senstar sales representative.
